### **Auditions for Pangaea Cultural Show scheduled for February 27 to March 2**

OSHAWA, ON – The Student Association is pleased to announce the audition dates for the annual Pangaea Cultural Show. Auditions are scheduled to take place at the Student Centre, 2<sup>nd</sup> Floor Lounge, from 3:00pm to 6:00pm daily from February 27, 2012 to March 2, 2012.

Last year, the event attracted many talented students who performed to a very receptive audience. The Selection Committee is hopeful to have a repeat from many performers, as well as obtaining new talent. Whether you sing, dance, play an instrument – all students are welcome to audition.

Students are encouraged to sign-up for their audition by emailing Derek Fullerton, Vice President of Campus Life, at [sacampuslife@dc-uoit.ca](mailto:sacampuslife@dc-uoit.ca) with the day and time that best suits their schedule. Students confirmed for an audition are required to bring the music they wish to perform to and are asked to dress in their costume. Performances will be limited to 5 minutes or less.

“I am extremely excited to be involved in such an important event. Pangaea not only promotes the many cultures that make up our population on campus, but also helps to celebrate and educate all of us on the unique food and traditions that accompany our diverse community”, says Fullerton.

The Selection Committee is looking for a well-rounded representation from across our great world, with hopes of showcasing, at the very least, each continent.

Pangaea is scheduled for Thursday March 22, 2012 in Gyms 3, 4, and 5 of the Campus Recreation and Wellness Centre, North Campus. Prior to the performances, the audience will be able to pick-up their passport to sample traditional fares from around the world.

The Student Association is the official representative of all Durham College and UOIT students, across three distinct campuses within Durham Region. The Student Association serves to advance student interests in the campus community by delivering superior advocacy, services, and support.
